Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from deposi-

tory banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the collector's records.

General Comments

Budget Deficits:

It is noted that in the last three years budget deficits have occurred as follows:

Year	*Amount of Budget Deficit*
1946	$3,571.74
1947	8,326.08
1948	17,459.98

It will be furthermore noted that during the same period the current fiscal position of the town has changed from a current surplus of $18,090.79 on December 31, 1946, to a current deficit of $11,716.98 on December 31, 1948, as indicated herewith:

	Dec. 31, 1946	*Dec. 31, 1947*	*Dec. 31, 1948*
Total Assets	$118,590.87	$111,231.85	$95,047.05
Less Special Fund reserved for Payment of Bonds and Interest	54,953.59	48,633.90	42,187.18
	$63,637.28	$62,597.95	$52,859.87
Total Current Liabilities	45,546.49	56,250.41	64,576.85
	(S) $18,090.79	(S) $6,347.54	(D) $11,716.98

Current (S) Surplus or
(D) Deficit

To remain in a sound financial condition a town should at all times have assets of a sufficient amount to offset its' current liabilities. Overdrafts of appropriations resulting in budget deficits such as have occurred in the last three years should be guarded against to prevent any further increase in the current deficit as herein described.

Conclusion:

The accounts of all town officers which we examined were found in good condition and the accounting procedure conformed to the uniform system prescribed by this Division.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report.

We extend our thanks to the officials of the Town of Exeter for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, *Director,*

Division of Municipal Accounting,

Public Library Report

Juvenile Department:

Circulation increased in the juvenile department from 12,536 in 1947 to 14,784 in 1948, showing an increase of over 2,000 which proves to the library that children are still good book lovers. Several of the teachers borrow books for their classroom use which is a help toward encouraging the pupils to read.

The Junior Audubon Society which was so ably organized under Mr. Robert Buxton, has been taken over by the fine leadership of Mrs. Norman Hatch. They generally meet every two weeks in the Children's Room.

Pupils from the Junior High Grades of all schools came for their instruction in how to use the library. The Exeter Day School and the Primary Grades of the Public Schools brought classes to visit the library.

We have been very fortunate this past year in receiving gifts of money, a steroscopic machine and pictures, several books and Victrola records from the Woman's Club. Marcia White and Laddie Shaw have loaned records for juvenile programs.

Juvenile Programs for 1948

January — Story Hour and victrola records played. Readings given by Mrs. James A. Pirnie and Mrs. Anne Summerfield.

February — Story Hour. Valentine story, Abraham Lincoln and George Washington stories were read by Mrs. James A. Pirnie and Mrs. Anne Summerfield.

March — Program of magic given by Mr. Theodore Bradley of the Emerson School Faculty.

Puppet show; given by Butler Coleman, Judy Doucette and Margaret Marshall.

October — Story Hour. Halloween stories read by Mrs. Anne Summerfield.

November — Story Hour. Records played and stories read by Mrs. Summerfield.

National Book Week; readings by Mrs. John Rowe.

December — Christmas party; visit of Santa Claus.

Adult Department:

Although circulation in the adult department did not increase during 1948 the volume of reference work showed that the library facilities were well patronized. Periodicals continue to be popular and the reading room is used often by daily visitors.

Special shelves have been made available in the reading room for the following organizations: Parent-Teacher Association, Woman's League of Voters and National Education Association and the United States Army. Teachers are given the privilege to have books placed on shelves for their classes.

The Historical Society showed four exhibits during the year in their case which is in the Reference Room. Colorful valentines, old and new; Exeter Imprints; Articles from the olden days and old fashioned games and paper dolls.

Several gifts of books have been presented to the library during the year and we are grateful to the donors.

Staff:

There have been no changes in the staff this year.

I wish to thank the library committee and staff for their splendid cooperation.

Respectfully submitted,

HARRIETTE M. PIRNIE,

Librarian.

Robinson Female Seminary

PRINCIPAL'S REPORT

To the Board of Trustees of Robinson Seminary:

As the report for the year ending December 31, 1948, the following is respectfully submitted:

Enrollment:

The total enrollment for the year 1948-49 to the above date has been: Junior High 95, Senior High 167, making a total of 262 compared with that of 1947-48, namely 254. Tuition pupils number 104, with 45 in the Junior High and 59 in the Senior High. In addition to the above number there are 27 girls from Grades Seven and Eight from St. Michael School who come to the Seminary for classes in Foods and Clothing.

Changes in Personnel:

Only two changes in personnel were necessary for 1948-49. Miss Helen Edgerly replaced Miss Elizabeth Adams and Miss Catherine Bryan succeeded Miss Nancy Kelleher as Supervisor of Art.

Guidance Program:

In accordance with the general plan for guidance in the local school system, under Mr. Robert Swazey, the Seminary has been cooperating in both the testing program and in the preparation of the accumulative record folders for all classes. The start was made, of course, with grades Seven and Eight. These records should be very valuable to the faculties of the several schools as the pupils are promoted and the story of their educational growth and achievements accompanies them. The task of establishing the new system is great and Mr. Swasey has been very appreciative of the assistance of members of the guidance committee at the Seminary.

Tests in reading and in primary mental abilities were

administered to members of Grade Nine and profile sheets based on them were prepared by the individual pupils, giving them the opportunity to note their weaknesses and to seek advice how they might overcome them. Pupils must be sufficiently interested in their own welfare to make the effort to seek both information and advice if any program of guidance is to succeed.

Before the end of the school year members of Grade 10 will have the privilege of taking aptitude tests and to express their personal interests in the Kuder Preference Record. On the basis of this information the pupils may plan the program for their final two years at the Seminary.

It will be remembered that the Seminary offers the Academic and Non-Academic curricula for Grades Nine and 10, with the opportunity to proceed with specialization which make possible four diplomas. These are Academic, Home Economics, Secretarial, and General, each being planned for special purposes to meet the interests and abilities of the pupils.

Work Experience Program:

Following the very satisfactory plan of last year, the Seminary is planning to place each member of the secretarial group in some local place of business for a period of four weeks. This practical experience will be followed by several weeks of instruction which will be based on the experiences actually encountered. Any weaknesses brought to light by the employer's report will be corrected if possible and the exchange of ideas will broaden the experience of each. Mrs. Elsie Keene will supervise this program.

Community Occupational Survey:

Closely allied with the work experience program is the local occupational survey under the direction of the Director of Guidance. Seniors and faculty members of both high schools are cooperating in gathering accurate information concerning the local conditions and it is thought that this will be a valuable aid to pupils in making their vocational choices and to the school in planning any possible curriculum revision.

New Equipment:

A very valuable addition to the equipment at the Seminary last spring was a Bell and Howell motion picture projector which is available for class use throughout the day according to a schedule kept in the office, available to any teacher who may desire to alter her original plans. The new projection room on the third floor, furnished with fixed lecture-room seats provides a neat and efficient setting for the audio-visual education. Equipment for slide, filmstrip, and opaque projection is also available. Films from the Audio-Visual Center at the University of New Hampshire and from several other sources assure the pupils of varied and valuable information in every subject field.

Exeter may well be proud of the excellent variety and the quality of the new equipment for the secretarial and business groups. Recent purchases include the new typewriters, electric calculator and mimeograph. An ediphone, adding machine, and liquid duplicator supplement the above machines and make the local equipment as good as that of many larger schools. Classes in personal typing from both high schools make additional use of typewriters, placing the emphasis on acquiring the skill rather than on unit credit.

Driver Education and Training

Statistics show that the average high school driver has the worst accident record of any age group. Exeter was glad to accept the opportunity to offer a course in Driver Education and Training at both high schools. Twenty-eight girls have received the training, under the supervision of Mrs. Margaret Bennett, approximating thirty-two hours (eight behind the wheel) of instruction in the dual control car and twenty hours of class instruction. Suggestions were made to individuals for compensating for any physical defects or weaknesses brought to their attention by psychophysical tests. Written examinations covered textbook material and were followed by actual tests in maneuvering the car. By establishing sound habits of driving and building up the proper attitude toward driving — namely that driving is serious business — it is believed that the pupils will become better and safer drivers.

New Clubs:

The Order of Business Efficiency is a new club of girls in the business and secretarial classes under the direction of Mrs. Keene. Monthly meetings are held, with programs suggested and planned by the members on subjects of mutual interest.

A dramatic club composed of members of the four upper classes was organized to promote interest in the various phases of stage craft, to encourage talents in acting, writing, or production. Over fifty answered the initial invitation to join. Programs for club meetings and for assembly are included in the activities.

Extra-curricular Activities:

Since such an important part of one's education is gained outside of the classroom, the Seminary endeavors to contribute to this experience. The activities are not original in character, being very similar to those in schools of comparable size.

In spite of the variety of offerings there are not as many individuals participating as there should be, while some are found in several groups. In addition to the new clubs mentioned above, there are the band, orchestra and glee club. Music festivals receive enthusiastic support. The Merrill contest in composition and declamation is an incentive to do more than just the required amount of work in these fields. The athletic activities under the direction of Miss Warren are based on participation by a large percentage of the pupils. Dances sponsored by the upper classes give valuable experience of a social nature. Plays by the Juniors and Seniors have become important annual projects. The Exeter Players were very kind in the loan of a set of scenery, making possible the presentation of the Senior play at the Harris House and their courtesy is greatly appreciated.

Correspondence with foreign pupils, participation in worthy campaigns for funds to render service to others, sending clothing and food abroad, and aiding local families have helped to make the pupils more appreciative of the opportunities and facilities they possess.

Student librarians have the opportunity to learn something about library science, to become better ac-

quainted with books in general and to render service to their classmates. Great credit is due the girls in the secretarial group for their splendid cooperation with Mrs. Keene in rearranging the library facilities and in cataloguing new books and magazines as they come in. The Seminary is indebted to Miss Mary Brown for copies of The National Geographic for 1940-41 and 1943-46 and a considerable number of novels and biographies which will accommodate those pupils who find it inconvenient to go to the local library because they must travel by the school busses.

Preparation of refreshments for meetings of the Teachers' Council and assisting with cooking of meat and rolls for the dinner in honor of Mr. Coleman gave practical experience to the classes in Food and Nutrition.

Pupils have assisted in the collection of money for milk in their respective class groups and also perform the duties of class officers which should teach them to assume responsibility.

Conclusion:

Since this fiscal year brings to an end the status of the Board of Trustees of Robinson Seminary as the administrative body for the school, it is only fitting that recognition should be given for the years of unselfish, unceasing loyalty shown by them. Exeter owes a great debt of gratitude to all of the trustees who, for eighty years have sought to give the girls of this town and vicinity a high standard of education.

The feeling of loyalty of the faculty to the trustees and to the Seminary is reaffirmed, this time to the School Board under whose jurisdiction the Seminary passes, and with whom it will be a pleasure to work for the best interests of the boys and girls of Exeter.

Respectfully submitted,

JAMES A. PIRNIE,
Principal.
